DO. 02:10: IPDS: 2018: IT Phase-II: / 06600

13<sup>th</sup> DEC. 2018

Dear Sir,

As you are aware, Ministry of Power had sanctioned IT enablement projects (IT phase-II) in 08 towns of your Utility under IPDS. The implementation of priority project components, related to availability of energy flow information, including Feeder data on NPP was envisaged to be completed within 9 months from award.

It is matter of concern that even after lapse of 21 months from the sanction, feeder data of towns sanctioned under IT phase-II is not available on NPP, primarily due to very slow progress in tendering, award and implementation of these projects by the Utilities.

During the review of IT & ERP projects under IPDS, held at PFC on 27<sup>th</sup> Nov 2018, the projects, their progress, bottlenecks and the way ahead was discussed in detail with the concerned IT officials of your Discom. Following commitment for availability of Feeder Data on NPP was given by your Discom:

No. of Towns under IT Phase-II	No. of Feeders as per DPR	Timeline for Feeder data on NPP (nos. of feeders)			
		December 2018	January 2019	February 2019	March 2019
08	24	24	-	-	-

In view of above, you are requested to direct the concerned officials to ensure:

- (1) Award of balance components of IT Phase-II and ERP project, if any, in your Utility, and
- (2) Ensure availability of Feeder data on NPP as per above commitment.

You are also requested to review of progress of IT and ERP projects at your level, on fortnightly basis, so that work could be given the right impetus and completion of projects can be ensured within the timelines. We look forward to your co-operation and continued leadership in this regard.

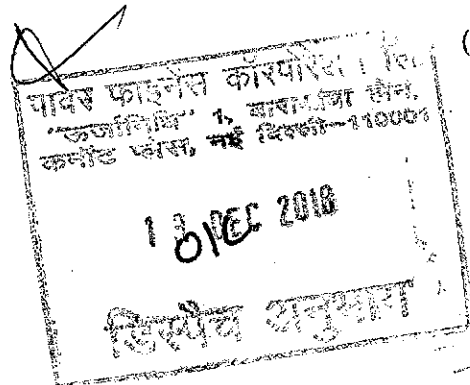

Regards,

Yours sincerely,

*Palka Sahni*

13<sup>th</sup> DEC. 2018

Dear Sir,

As you are aware, Ministry of Power had sanctioned IT enablement projects (IT phase-II) in 83 towns of Gujarat (08 towns in DGVCL, 21 towns in MGVCL, 21 towns in UGVCL and 33 towns in PGVCL) under IPDS. We understand that UGVCL is implementing IT Phase-II and ERP projects on behalf of all the Discoms of Gujarat.

As requested by Utilities, PFC has already facilitated with various options for better and faster implementation of IT enablement projects, e.g. allowing turnkey or partial turnkey mode of execution, bidding after splitting the works and getting the work done through any of existing agencies after appropriate State DRC approval etc.

During the review of IT & ERP projects under IPDS, held at PFC on 27th Nov 2018, the projects, their progress, bottlenecks and the way ahead was discussed in detail with the concerned IT officials of Gujarat Discoms. Although feeder data of towns sanctioned under IT phase-II is available on NPP, It is matter of concern that even after lapse of 21 months from the sanction, there is very slow progress in tendering, award and implementation of these projects by the Utilities.

In view of above, you are requested to direct the concerned officials to ensure award of IT Phase-II and ERP project for all the Discoms of Gujarat at the earliest.

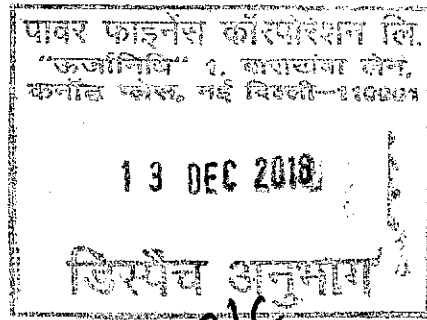

You are also requested to review of progress of IT and ERP projects at your level, on fortnightly basis, so that work could be given the right impetus and completion of projects can be ensured within the timelines. We look forward to your co-operation and continued leadership in this regard.

Regards,

Yours sincerely,

The implementation of priority project components, related to availability of energy flow information, including Feeder data on NPP was envisaged to be completed within 9 months from award.

It is matter of concern that even after lapse of 17 months from the sanction, feeder data of towns sanctioned under IT phase-II is not available on NPP, primarily due to very slow progress in tendering, award and implementation of these projects by the Utilities.

During the review of IT & ERP projects under IPDS, held at PFC on 27<sup>th</sup> Nov 2018, the projects, their progress, bottlenecks and the way ahead was discussed in detail with the concerned IT officials of your Discom. Following commitment for availability of Feeder Data on NPP was given by your Discom:

No. of Towns under IT Phase-II	No. of Feeders as per DPR	Timeline for Feeder data on NPP (nos. of feeders)			
		December 2018	January 2019	February 2019	March 2019
97	461	-	-	-	115

In view of above, you are requested to direct the concerned officials to ensure:

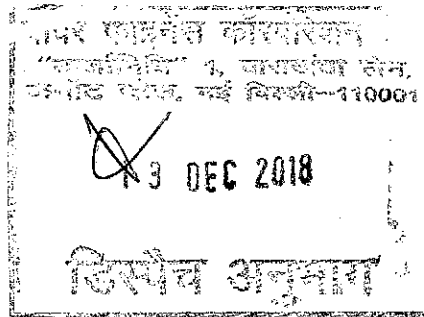

- (1) Award of balance components of IT Phase-II and ERP project, if any, in your Utility, and
- (2) Ensure availability of Feeder data on NPP as per above commitment.

You are also requested to review of progress of IT and ERP projects at your level, on fortnightly basis, so that work could be given the right impetus and completion of projects can be ensured within the timelines. We look forward to your co-operation and continued leadership in this regard.

Regards,

Yours sincerely,
