(As per list enclosed)

Sub:Deployment of TPCEA for concurrent & post-implementation evaluation of IPDS implementation

Madam/Sir,

As you are aware several projects related to system strengthening, metering, Rooftop solar panels, Pre-paid/Smart metering, IT enablement, ERP, etc are under different stages of implementation under the IPDS in your Utility. The programme (IPDS) envisages concurrent and post implementation evaluation of quality of works as per Quality Assurance and Evaluation Mechanism Vol II Section I of the Standard Bidding Document (SBD) and evaluation of impact of project implementation in terms of performance. In order to carry-out the evaluations, PFC has appointed separate agencies called as 'Third Party Concurrent evaluating Agency (TPCEA)' for each utility.

The TPCEA is required to carry out compliance based evaluation of the project on the basis of following:-

- Approved Manufacturing Quality Plan (MQP) for establishing materials quality
- Approved Field Quality Plan (FQP) for establishing works quality.
- Field inspections in each town of circle at 25%, 60%, and 100% stage of 'Financial Progress corresponding to the Physical Progress' works followed by final inspection when all defects/discrepancies observed in the previous inspections have been rectified by the utility.
- Fund disbursement status upto the level of contractors, reporting of progress, assessment of delays, if any, etc.
- Impact assessment in terms of improvement in operational parameters, etc subsequent to completion of respective BOQ item, etc

In this regard, it is requested to share with us status of readiness against above points so that TPCEA can be deployed in your utility to start above activities.

Thanking you,

Yours faithfully,

(Subir Saha)
ED (IPDS)
